## INTRODUCTION

The Community Resource Guide was developed by the Change 4 the Kenai community coalition to

- Connect community members with available resources
- Assist public services, volunteers, and business members to identify the needs of families and connect them to available resources.

## HOW TO USE THIS GUIDE

Categories and subcategories are identified and color coded under a larger theme according to resource need. Visit our website [www.kenairesources.org](http://www.kenairesources.org) to find links or search for services.

### Critical Needs

- Crisis Intervention
- Emergency Support
- Abuse

## Marijuana is legal in Alaska. Here are some things you need to know.

<p><b>21</b></p>	<p><b>If you're under 21, it's illegal to use or possess marijuana.</b></p>	<p><b>Who is allowed to use marijuana?</b> Anyone age 21 and older can legally possess or consume marijuana. It is illegal to give marijuana to anyone under the age of 21, unless they have a valid medical marijuana card.</p>
	<p><b>Marijuana can affect people differently.</b></p>	<p><b>Know your limits.</b> Marijuana affects everyone differently based on things like on body type and history of use.</p>
	<p><b>Higher than you might think.</b></p>	<p><b>Careful. It can sneak up on you.</b> These aren't your grandma's brownies — THC levels can be much, much higher in today's marijuana products. And the effects of marijuana can be significantly delayed, particularly with edibles.</p>
	<p><b>You can't drive impaired. Driving high is a DUI.</b></p>	<p><b>Don't consume and drive.</b> Driving while impaired is illegal. It doesn't matter what substance you are using. If you are not sure whether you are impaired, do not drive.</p>
	<p><b>Do not use if you are pregnant or breastfeeding.</b></p>	<p><b>Marijuana poses a potential risk to the baby.</b> Steer clear if you are pregnant or nursing. Marijuana may be harmful to developing brains. Smoking marijuana or consuming edible cannabis products can expose your baby to potentially harmful substances.</p>
	<p><b>Stash it safely away from kids and pets.</b></p>	<p><b>Lock it up.</b> If you have young children or teenagers at home, store your marijuana in a child-resistant container and make it inaccessible to them.  If children accidentally eat or drink marijuana, it can make them very sick. If you suspect your child has consumed marijuana call the poison control hotline at 1-800-222-1222. If someone has a severe reaction after consuming marijuana, call 911 or go to an emergency room right away.</p>

## ALASKA WOMEN'S HEALTH PROGRAM SUGGESTS THE FOLLOWING FOR GOOD HEALTH:

- ✱ Get at least 2.5 hours of moderate physical activity each week.
- ✱ Eat nutritious foods.
- ✱ Visit a doctor for regular checkups and get preventive screenings.
- ✱ Avoid risky behaviors like smoking and not wearing a seatbelt.
- ✱ Be conscious of mental health, which includes getting adequate sleep and managing stress.

## Mushing in detail

**Wheel dogs**  
Wheel dogs are placed directly ahead of the sled and tend to be the strongest dogs on the team.

**Team dogs**  
Team dogs are placed between wheel dogs and swing dogs.

**Swing dogs**  
Swing dogs follow the lead dogs. They help set the pace and turn the sled around corners.

**Lead dogs**  
One or two lead dogs are at the head of each team. They respond to the musher's commands, find and follow the trail, and set the pace of the team.

**Musher**  
Mushers can be any age, sex or race. They relay commands to the team and sometimes run behind the sled to speed it along.

**Sled**  
Older sleds are made out of wood, but modern ones are built of space-age materials like Kevlar and titanium.

**Racing**  
There are two main types of sled dog races: sprint and long-distance. Long-distance races are those like the **Iditarod** and **Yukon Quest**. Mushers and teams compete to be the first to complete a set distance. In sprint racing, mushers race a course multiple times and racers' times are totaled at the end to determine a winner. The **Fur Rondure** and **Open North American Championship** are popular sprint races.

Change 4 the Kenai is a coalition that is united to work toward connecting our community. C4K is currently dedicated to understanding the local increasing prevalence of injection drug use and the dire consequences. We plan to implement harm reduction programs and to break the stigma of addiction within the community through education.
